

What is CodeRED?

The Public Safety Agencies of The Village of Dixmoor are using CodeRED, a high-speed mass notification system to keep you safe in the event of an emergency. The system allows us to deliver emergency messages to you via phone call to your landline or mobile device and through text and email. You will know you have received a CodeRED alert when the number

866-419-5000 (Emergency Notification) or 855-969-4636 (General Notification)

appears on your caller ID. If you missed any message details, you can dial the toll-free number back, as many times as needed.
